DIFFICULT THREE-CUSHION SHOTS  
INVENTED BY LOCAL BILLIARDISTS

Frank Day, Alfredo De Oro, Charlie Noland, John Horgau and Jesse Leon Have Perfected Some Sensational Shots at the Game, Which Is Now the Rage in St. Louis—Balk Line Still Popular, but the More Intricate Three-Cushion Game Is the Fad With Experts.

WRITTEN FOR THE SUNDAY REPUBLIC.  
The billiardists of St. Louis, and in fact, all over the country, are playing three cushion and "balk" to the exclusion of almost every other game. Balk line is still popular, but it has largely given way to the more intricate game.

There are three types of three cushion shots. There are the simple ones, the "balk" line, and the "three cushion" shot. The "balk" line is the simplest, and the "three cushion" shot is the most difficult. The "balk" line is played with the cue ball on the rail, and the "three cushion" shot is played with the cue ball on the rail, and the cue ball hitting the cue ball.

DE ORO'S "RED DAILY" SHOT.  
Alfredo De Oro, the pool champion, has made a shot at the latter game last week which attracted much attention. The cue ball was almost in the corner, and De Oro made a shot at the cue ball for a half shot, the cue ball hitting the cue ball.

NOLAN'S NATURAL ENGLISH.  
A pretty three-cushion shot was played last week by Charlie Noland, on one of the level tables. The cue ball was on the rail, and the cue ball hitting the cue ball.

FRANK DAY'S "SNAKE."  
Frank Day makes a modification of the "balk" line shot. He uses a heavy cue and the cue ball hits the cue ball.

HORGAN'S HARD THREE-CUSHION.  
One of the most difficult three-cushion shots is the "hard three-cushion" shot. It is played with the cue ball on the rail, and the cue ball hitting the cue ball.

WINTER SPORTS  
FOR THE STUDENTS

Much Attention Will Be Given to Soccer, Cross-Country Runs and Indoor Athletics at Institutions of Learning.

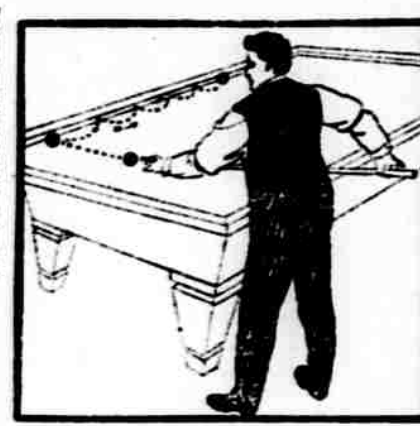

WRITTEN FOR THE SUNDAY REPUBLIC.  
With the close of the Rugby football season, students of the local schools will turn their attention to various other branches of winter sports. During the football season little else is done by the "varsity" and scholastic teams, as their support is needed, not only in playing, but in cheering.

The foremost outdoor sport likely will be cross-country running. Washington University will have its first cross-country race on Saturday, Nov. 26. The race will be held on the campus, and the winner will receive a prize.

Indoor games will also be popular. The game of basketball is the most popular of the indoor games. It is played with a ball, and the winner will receive a prize.

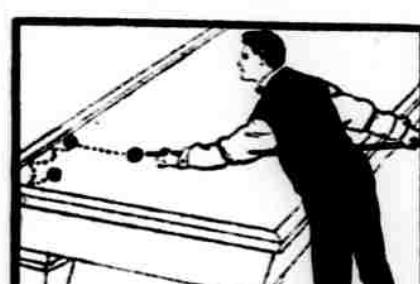

Washington University will have its first basketball game on Saturday, Nov. 26. The game will be held on the campus, and the winner will receive a prize.

The St. Louis students likely will take up cross-country running on a large scale. The race will be held on the campus, and the winner will receive a prize.

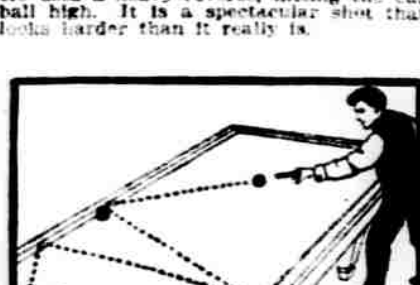

JAKE SCHAEFER'S FAMOUS "SNAKE SHOT."

Jake Schaefer's famous "snake shot" is played occasionally on the level tables. The cue ball is on the rail, and the cue ball hitting the cue ball.

JESSE LEON'S EAST ONE.

This is a shot for three cushions which looks easier around the table. But Jesse Leon has introduced a new stunt which prevents all possibilities of a balk line. It is a heavy cue, hitting the cue ball high. It is a spectacular shot that looks harder than it really is.

HORGAN'S HARD THREE-CUSHION.

One of the most difficult three-cushion shots is the "hard three-cushion" shot. It is played with the cue ball on the rail, and the cue ball hitting the cue ball.

## SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consanguineous tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, potbellied bodies and general weakness are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable, Scrofula is harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health.
